## **Check in/support businesses:**

- Always plan ahead and make hospitality or event booking **KN0** where you can
- It is mandatory in NSW to check in electronically, for example by QR code, at hospitality and many other venues, so please encourage everyone to check in, every time
- Checking in properly helps our contact tracers and means that we can stay on top of outbreaks
- Wherever you go, choose spaces and venues that have COVID Safe measures in place, such as QR code check in and enough space for you to physically distance – it will keep us all safe
- Where you can, use the Service NSW app for secure, easy and contactless check in

## **Stay informed**

- Stay up to date with the latest news and information regarding COVID-19, including where community transmission may have occurred and what this means for you and your family
- For the latest COVID-19 information and guidance, visit [nsw.gov.au](https://nsw.gov.au)
